

STUDENT ATHLETE WEBSITE DESIGN

GO-TO WEBSITES FOR RECRUITING SIMPLICITY

Student athletes have a lot of information to share with prospective college coaches. Organizing all of it in an orderly and easy-to-read manner without forgetting important details can be difficult.

WHAT'S INCLUDED

We can design a classy go-to landing page for your high school student at a fraction of the cost of what high profile recruiting companies are charging.

Stats, video links, measurements, press links, contact and profile photos are included on your website. One webpage or many more, the pricing is à la carte and you're not tied down to a long term contract. Plus, updates to your website can be done quickly and conveniently.

PRICING

I have my own marketing company and typically charge \$750 for website design.

However, being a parent of a student athlete, I know how expensive recruiting can be and do not want to add to the burden.

LANDING PAGE ONLY

An introductory, single webpage design is \$150. This includes basic information about your student athlete and can be discussed in your free consultation.

Additional webpages can be negotiated and usually start at \$25.

ADDITIONAL FEES

My services include your web design with a free Weebly website address.

For a more professional look, you may want to consider an official domain name which is priced by Weebly and can be included in your pricing.

"Pro" and "Business" Weebly templates cost more, which we can discuss. But, they're really not necessary.

CORRESPONDING EMAIL ADDRESS

Securing and setting up an email address which corresponds to your domain name is \$30.
